Date: July 25, 2009

Course: Chesapeake Bay Golf Club, North East

Course Difficulty: ■

Format: Better Ball of Partners

GOLF COURSE DESIGNATIONS

The Chapter rates the degree of difficulty of the golf courses it plays using the same system that ski resorts use to rate the difficulty of their trails. A green circle means the course is beginner-friendly. A blue square means the course has an intermediate level of difficulty. A black diamond means the course is extremely challenging with many hazards and/or blind shots. We hope that this system will assist members in determining what courses are suited to their level of play.
